

New Day

New Day formed in the latter part of April 2016 .The group is comprised of two couples, Danny & Deanna Jones and Randy & Jennifer Warren. Danny sings the lead for the group and has been singing/playing southern gospel music since he was 14.

His wife, Deanna, has been singing since 1979 and sings the alto for the group.

Randy Warren is a musician/singer as well and currently does an awesome job as our sound technician.

His wife, Jennifer sings the soprano part. Jennifer has been singing southern gospel music since she was a teenager and wows audiences everywhere we sing with her dynamic and soulful style of singing.

The heartbeat of their ministry is to sing songs to encourage those in the audience, giving them the fortitude to take another step in this journey called “life” and to minister to those that do not know Christ as their Savior.
